Thank you for your generous donation. Remember it is tax deductible.

Special Thanks

To the Doctors and Staff for their compassionate care and support of the greyhounds:

Seneca Animal Hospital
Georgetown Animal Clinic
All Creatures Animal Hospital

Buffalo Greyhound Adoption, Inc.

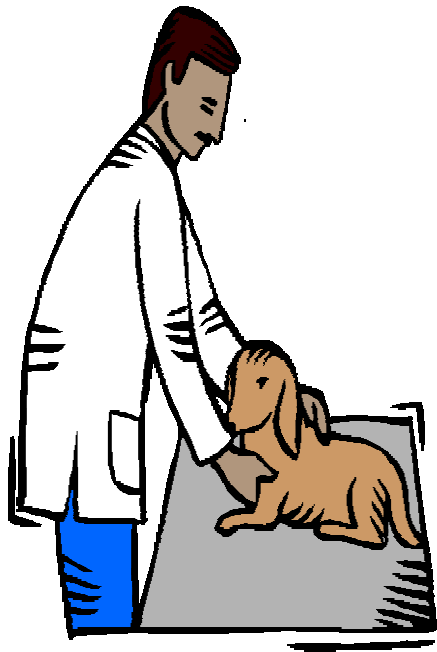

Sponsorship Program

Did you know

Buffalo Greyhound Adoption Inc. invests over \$400 into each retired racer in order to prepare him/her for retirement? BGA ensures that every greyhound is given a wellness exam, vaccinations made current, blood work and they are dewormed. The greyhound is also spayed or neutered and given a dental. Any greyhound requiring additional care is given the appropriate treatment despite any extra expense.

In order to keep adoptions affordable the \$240 donation remains constant despite the cost of veterinarian care. The difference is covered through our Sponsorship Program and BGA Fundraising efforts.

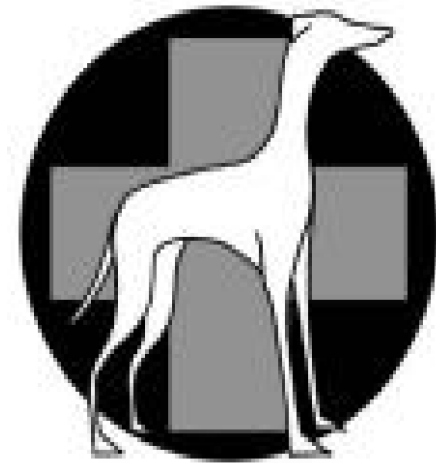

As a responsible organization, Buffalo Greyhound Adoption Inc, always spays or neuters the greyhounds prior to placement in a pet home. The health benefits along with controlling animal population are extremely important for both the community and for the dog.

Sponsorship

The Sponsorship Program is a winning option for people who want to help a retired racer, but are unable to adopt.

You can choose how your generous donation should be used. A donation of \$125 will cover a spay, \$100 will cover a neuter, \$50 will cover a dental, or another \$ amount would be used for the daily care such as food for the greyhound while it is in foster care.

You will receive a picture and acknowledgement of the greyhound your donation helped.

BGA

Buffalo Greyhound Adoption, Inc, is an all volunteer, not for profit organization dedicated to finding loving, responsible homes for retired racers. BGA enjoys being involved in the community through our educational and AmbassaDog programs.

On behalf of the greyhounds, thank you for your continued support.
